Verse 1

G D C
You have searched me, and known my heart
G D C
Before I spoke, you knew my every thought
G D
The wonder of Your knowledge is,
C G
Far too high, for me, to understand
D C
You knew I'd leave your side

PreChorus

Am G D
And cower in the cover of the night
Am G D
But there's no place I could hide, from the mercy of your light,

Chorus

C G C Em
Your kindness leads me, to repentance,
G D C
Your grace assures me, to trust in You

Verse 2

I could climb up, into the sky
Or dive down deep, where darkest evil lies
I'll never find a place to flee,
Your presence is, always, where I am,
You never leave my side

PreChorus

Even when I fight to get my way
You patiently disarm my defenses with your grace

Chorus

C G C Em
Your kindness leads me, to repentance,
G D C
Your grace assures me, to trust in You

C G C Em

Faithful savior, You restore me
G D C
My life is Yours, I belong to You
